

# Our Mission

## Helping all the little creatures.

The Pipsqueakery is a 501(c)3 nonprofit small animal rescue and sanctuary. We provide care for medically and behaviorally needy rodents and rabbits, educate the public on their care, and find forever homes and rescue placement for healthy adoptable animals.

The Pipsqueakery focuses on the care of animals with medical conditions including paralysis, heart disease, diabetes, cancer, amputations, and dental disease. Our goal is to advance veterinary care and develop individual plans that prioritize accommodating the special needs of each animal to allow them to live a fulfilling life as independently as possible.
